WHEREAS, the City and County of San Francisco is under orders from the Regional Water Quality Control Board to implement a City-wide waste water management Master Plan,

WHEREAS, under present policies of 87½% combined Federal and State grant funding the remaining 12½% City funding requirements for the proposed water pollution control projects would amount to an amount in excess of $150,000,000; and

URGING PASSAGE OF AB2787, TO PROVIDE VOLUNTARY FUNDING OF THE CALIFORNIA ARTS COUNCIL

WHEREAS, State support for the arts in California is the lowest, per capita, of any of the United States but one; and

WHEREAS, A recent survey by the National Research Center for the Arts, Inc., indicates that three-fourths of the people in California participate in arts activities and a majority would support a tax increase of up to five dollars ($5) per year for state arts subsidies; and

WHEREAS, San Franciscans, being especially blessed in the quality and variety of local arts, have repeatedly voiced their interest to this Board of Supervisors in seeing increased support for the arts from all levels of government; and

WHEREAS, This Board has therefore followed with keen interest state legislation on the arts and has supported efforts to increase direct grants to arts groups from the state; and

WHEREAS, Budgetary constraints have prevented the state from providing such support at an acceptable level; and

WHEREAS, AB2787 would provide voluntary support for the California Arts Council through a check-off box on state income tax returns, such as is done at the federal level for the Presidential Election Campaign Fund; now, therefore, be it

RESOLVED, That this Board of Supervisors does hereby urge passage of AB2787; and be it

FURTHER RESOLVED, That this Board urges his Honor, The Mayor, to transmit copies of this resolution to our elected representatives in Sacramento and to otherwise work for passage of AB2787.

ONCE AGAIN URGING THE STATE LEGISLATURE TO PLACE A CONSTITUTIONAL AMENDMENT ON THE BALLOT TO PERMIT CHARTER CITIES THE ABILITY TO ENACT RESIDENCY REQUIREMENTS FOR CITY EMPLOYEES.

WHEREAS, the Board of Supervisors did oppose the State Constitutional Amendment prohibiting charter cities from requiring employees to be residents, known as State Proposition "5" which was passed by the people of California in November, 1974 but opposed by San Francisco voter's by a 2-to-1 margin, and

WHEREAS, the City and County of San Francisco residency ordinance was subsequently invalidated by the passage of Proposition "5", and

WHEREAS, large numbers of City employees have left San Francisco since the passage of Proposition "5" resulting in the fact that 50% to 60% of the uniformed forces of the Police and Fire Departments now reside outside San Francisco causing major concern in the event of a major disaster, and it has been estimated that 25% to 30% of all City employees now reside outside San Francisco, and

WHEREAS, unemployment of San Francisco residents is approximately 12.5% and sound public policy and a safer and healthier economic climate would result from maintaining a City work force which resides in San Francisco, and

WHEREAS, the United States Supreme Court in McCarthy V. Philadelphia did recently declare local residency laws to be Constitutional and therefore bonafide acts of local government, and

WHEREAS, the Board of Supervisors believes that local jurisdictions should have the discretion to legislate residency requirements where appropriate and believes that recent voter fraud investigations in conjunction with other events have increased the public interest in achieving local discretion on this issue, now therefore, be it

RESOLVED, that the Board of Supervisors does once again hereby urge the San Francisco State Legislative delegation to draft appropriate legislation to enable Charter cities to enact residency requirements and does urge the State Legislative to submit a Constitutional Amendment to the people of California so that the voters might once again have the opportunity to vote on this issue, and be it

ADOPTING POLICY CRITERIA SETTING FORTH THE OBJECTIVES OF THE CITY AND COUNTY OF SAN FRANCISCO RELATING TO RAPID TRANSIT EXPANSION TO THE PENINSULA.

WHEREAS, In 1970, there were approximately 72,900 residents of San Mateo and Santa Clara Counties who commuted to work in San Francisco, making the Peninsula Corridor the most significant transportation corridor in the region; and

WHEREAS, This number of commuters may increase to 92,000 in 1985, according to projections of the Association of Bay Area Governments; and

WHEREAS, Existing highways leading into San Francisco from the south are currently filled to capacity during peak periods, and current San Francisco policy opposes expansion of existing freeways and highways into the City and County of San Francisco and construction of new such automobile commuter facilities; and

WHEREAS, Existing public transit between San Francisco and the counties to the south does not meet either current or future commute travel needs; and

WHEREAS, Such factors indicate that the demand for commute travel alone requires expansion of public transit facilities between San Francisco and the counties to the south; and

WHEREAS, This Board of Supervisors is already on record in Resolution No. 670-75 as encouraging the use of public transit as the primary means of access to San Francisco from other parts of the San Francisco Bay Area; and

WHEREAS, In addition to commute travel demand, there are currently 29,000 daily person-trips to San Francisco International Airport and 55,000 projected for 1985; and

WHEREAS, This Board of Supervisors is on record in Resolution No. 722-75 as urging the extension of the San Francisco Bay Area Rapid Transit District (BART) to the San Francisco International Airport; and

WHEREAS, San Francisco has demonstrated its commitment to regional transit by its yearly contribution of $25,000,000 to develop and maintain BART; and

WHEREAS, Additional regional transit improvements, including rail and bus transit on the Peninsula, variously undertaken by the Metropolitan Transportation Commission (MTC), BART, the City and County of San Francisco and San Mateo County, have now been completed; and

WHEREAS, The San Francisco Planning Commission has endorsed a set of policies for guiding the development of transit on the Peninsula, with an analysis of the various alternatives on the basis of these policies, and a recommended optimal interim and intermediate range Peninsula transit development proposal, which said policies, analysis and recommendations are contained in the report entitled, Peninsula Corridor Transit: Recommendations and Alternatives; and

WHEREAS, MTC has subsequently begun a $350,000 study to evaluate the alternatives presented in the four studies referred to above with the intent of implementing the most viable alternative; and

WHEREAS, It is in the best interests of the various Peninsula jurisdictions for each to define the criteria to be used in evaluating these transit alternatives; now, therefore, be it

RESOLVED, That it be the policy of the City and County of San Francisco that the following criteria be used to evaluate Peninsula transit expansion:

1. Pursuant to the overriding regional interest of achieving one integrated transit system, any expansion alternative considered should be compatible with existing regional transit.

2. Peninsula transit expansion should provide uninterrupted service without necessity of transfer from the Peninsula to downtown San Francisco.

3. Any extension alternative considered should provide uninterrupted service, without necessity of transfer, between downtown San Francisco and the San Francisco International Airport.

4. Any extension alternative considered should serve San Franciscans who commute to jobs outside of San Francisco.

5. Any alternative considered should serve destinations in San Francisco outside the downtown area.

6. Route alignment and stop locations of any alternative considered should be in areas of highest population density in San Mateo County.

DOCUMENTS

avoid travel on San Francisco streets and the transit routes should follow freeways and exclusive rights-of-way.

8. Park-and-ride facilities beyond those already committed should not be developed at existing BART stations in San Francisco and Daly City, and future park-and-ride facilities should be limited in favor of the development of effective local bus service.

9. No transit system should be connected to the Daly City BART line without:

(a) those being served by Peninsula transit expansion participating equitably in the capital costs of BART incurred to date, and in the future capital costs; and

(b) those being served by Peninsula transit expansion participating in the ongoing operating deficit of BART on an equitable basis with the present BART members.

10. The financial formula of any transit developed along the Peninsula to downtown San Francisco should give credit to San Francisco for its already sizable financial committment to regional transit; and be it

FURTHER RESOLVED, That copies of this resolution be forwarded to the San Francisco representatives on the BART Board of Directors and the Metropolitan Transportation Commission and to the State Legislative delegation from San Francisco.

ENCOURAGING THE INTERIM DEVELOPMENT OF IMPROVED BUS TRANSIT SERVICE BETWEEN SAN MATEO COUNTY AND DOWNTOWN SAN FRANCISCO.

WHEREAS, There were approximately 72,500 residents of the Peninsula who commuted to work in San Francisco in 1970, making the Peninsula Corridor the most significant transportation corridor in the region; and

WHEREAS, This number of commuters may increase to 92,000 in 1985, according to projections of the Association of Bay Area Governments; and

WHEREAS, Existing highways leading into San Francisco from the south are currently filled to capacity during peak periods, and current San Francisco policy opposes expansion of existing freeways and highways into San Francisco and construction of new such automobile commuter facilities; and

WHEREAS, Existing public transit between San Francisco and the counties to the south does not meet either current or future commute travel needs; and

WHEREAS, This Board of Supervisors is already on record in Resolution No. 670-75 as encouraging the use of public transit as the primary means of access to San Francisco from other parts of the San Francisco Bay Area; and

WHEREAS, The San Francisco Planning Commission has endorsed a set of policies for guiding the development of transit on the Peninsula, with an analysis of the various alternatives on the basis of these policies, and recommended optimal interim Peninsula transit development which includes upgraded bus transit connection directly between the Peninsula and downtown San Francisco, pending development of additional major trunkline rail transit service, which said policies, analysis and recommendations are contained in the report entitled, Peninsula Corridor Transit: Recommendations and Alternatives; and

WHEREAS, The City and County of San Francisco has demonstrated its commitment to a new regional transit terminal at the site of the Transbay Terminal which will serve regional bus travelers with destinations in downtown San Francisco, including those from San Mateo County, and San Francisco representatives have worked with the California Department of Transportation to design special bus ramps linking the existing freeways serving the Peninsula to the Transbay Terminal site; and

WHEREAS, This Board of Supervisors in Resolution No.240-76 has adopted a set of policy criteria for Peninsula transit expansion which opposes a primary link between a San Mateo Transit District bus system or any other transit system and the Daly City BART line, absent a financial agreement where by the jurisdictions operating such systems would pay their fair share of all material BART costs; now, therefore, be it

RESOLVED, That this Board of Supervisors declares its commitment and willingness to work with the County of San Mateo and other jurisdictions cooperatively to arrange for the development of improved bus transit service between San Mateo County and downtown San Francisco pending the additional development of major trunkline rail transit service, including development of necessary terminal facilities, construction of a special access freeway ramp for buses on Interstate 280 as necessary, and installation of preferential bus and carpool lanes on the two existing freeways linking the counties; and be it

FURTHER RESOLVED, That copies of this resolution be forwarded to the Board of Supervisors of the County of San Mateo, the San Mateo County Transit District, the San Francisco Bay Area Transportation Terminal Authority, the California Department of Transportation and San Francisco representatives on the Metropolitan Transportation Commission and its various committees and in the State Legislature.

SUPPORTING SENATE BILL 1174, THE EARTHQUAKE DISASTER MITIGATION ACT OF 1975, PROVIDING PHYSICAL BASES AND OPERATIONAL SYSTEMS FOR ACHIEVING MAJOR REDUCTIONS IN EARTHQUAKE HAZARDS AND PROVIDING FOR A RESEARCH PROGRAM RELATING TO EARTHQUAKE MITIGATION.

WHEREAS, San Francisco has experienced two major earthquakes, the worst occuring in 1906 measuring 8.25 on the Richter Scale and resulting in property damage totaling $350 million and the loss of 452 lives; and

WHEREAS, San Francisco lies adjacent to the San Andreas Fault, one of the three major faults running through Northern California; and

WHEREAS, It has been estimated that a major earthquake occurring in San Francisco at 2:00 PM on a business day could result in the loss of over 5 thousand lives and serious injury to more than 14 thousand people; and

WHEREAS, United States Geological Survey scientists have discovered a land uplift, or 'bulge', of as much as 25 centimeters along a large section of California's San Andreas Fault north of Los Angeles; and

WHEREAS, A major earthquake measuring 7.3 on the Richter Scale was successfully predicted in Liaoning Province, China, and a warning issued two days before the earthquake saved thousands of lives thus indicating that earthquakes can be predicted and extensive population loss averted; now, therefore, be it

URGING SUPPORT FOR SENATE CONSTITUTIONAL AMENDMENT (SCA) NO. 27, PROHIBITING STRIKES BY PUBLIC EMPLOYEES.

WHEREAS, SCA 27 enables placement of a constitutional amendment on the ballot which, if approved by the voters of California, would expressly prohibit employees of state and local governments from striking; and

WHEREAS, Under present decisional law strikes of public employees are prohibited by common law principles; and

WHEREAS, SCA 27 would reiterate in the California Constitution the present court rule prohibiting such strikes; and

SUPPORTING THE HAWKINS FULL EMPLOYMENT BILL, HR 50.

WHEREAS, Our country is gripped by mass unemployment unprecedented in our postwar history, with an official unemployment count of close to ten million, with millions more seeking work but not measured in the government's statistics of the unemployed; and

WHEREAS, Such high rates of unemployment means declining living standards, great personal suffering and despair for people deprived of the chance to earn a living; and

WHEREAS, The rate of unemployment in the City of San Francisco is 11 percent, higher than in California or the nation, with 43,000 of our fellow citizens out of work, with up to 40 percent of our young people, especially our Black, Latino and Asian youth, trapped in joblessness, spreading poverty, demoralization, lowering the quality of life of all our people, deteriorating all our social and public services, and threatening our City with financial disaster; and

WHEREAS, The Hawkins Equal Opportunity and Full Employment Bill, HR 50, would establish the legal right of everyone willing and able to work to a decent job at a living wage, and would establish a Full Employment Service and Job Guarantee Office to make that right a reality by funding jobs creating projects in every area of social need in cooperation with local communities, and would mandate the federal government to implement the Act so as to reduce unemployment in the United States to 3 percent within three years; and

WHEREAS, The Hawkins Equal Opportunity and Full Employment Bill would combat inflation by putting millions of our people back to productive work, and would save billions of dollars now paid out in unemployment insurance benefits, welfare to the unemployed, medicaid and food stamp payments, and would bring in billions of dollars in additional tax revenues to federal, state and local governments through increased employment; therefore, be it

RESOLVED, That this Board of Supervisors of the City and County of San Francisco urges Congress to pass and the President to sign into law the Hawkins Equal Opportunity and Full Employment Bill (HR 50); and be it

WHEREAS, The University of California at San Francisco is in urgent need of space for expansion of its schools, clinics and other activities; and

URGING OFFICE OF EMERGENCY SERVICES, UNDER THE DIRECTION OF THE CHIEF ADMINISTRATIVE OFFICER, TO FORMULATE PLANS, POLICIES, AND PROCEDURES FOR EMERGENCY EVACUATION OF PUBLIC BUILDINGS WHEREIN SIGNIFICANT PUBLIC ASSEMBLY OCCURS.

WHEREAS, Emergencies posed by such conditions as fire, earthquake, and bombs threaten significant losses of life; and

WHEREAS, The safety of citizens must be given paramount attention by government; and

WHEREAS, Such safety can be maximized through the development of a comprehensive system for evacuation of public buildings wherein significant public assembly occurs to protect human life; and

WHEREAS, The comprehensive system should pertain to all public buildings of the City and County of San Francisco:; and

WHEREAS, Authority over all public buildings rests with the Chief Administrative Officer, who therefore is a logical repository for decision-making power regarding evacuation in the event of an emergency; now therefore be it

MAKING A FINDING THAT NO TAX SUBSIDY WILL BE REQUIRED BY THE SAN FRANCISCO WATER DEPARTMENT BY REASON OF APPROVAL OF PROPOSED REVISED SCHEDULE OF RATES TO BE CHARGED BY THE SAN FRANCISCO WATER DEPARTMENT FOR WATER SERVICE IN SAN FRANCISCO AND SUBURBAN AREAS

WHEREAS, The Public Utilities Commission of the City and County of San Francisco has heretofore, on March 23, 1976, by its Resolution No. 76-0124, approved a revised Schedule of Rates to be charged by the San Francisco Water Department for water service in San Francisco and suburban areas, on file in the office of the Public Utilities Commission; and

WHEREAS, In accordance with Ordinance 7384 (Series of 1939) said Public Utilities Commission has submitted to this Board in support of said Schedule of Rates all of the data upon which said rates are based and report of the anticipated effect of said Schedule upon the budget of the current (1975-76) fiscal year and the ensuing (1976-77) fiscal year; now, therefore, be it

RESOLVED, That this Board of Supervisors, pursuant to the provisions of said Ordinance 7384 (Series of 1939) and prior to voting upon the approval or disapproval of the Schedule of Rates by said Public Utilities Commission upon the data hereinabove referred to, hereby finds that the release of $2,900,000 impounded from Water Department revenues plus the revenue from the rates to be charged by the San Francisco Water Department for water service in San Francisco and suburban areas as effected by Public Utilities Commission Resolution No. 76-0124, will provide a total increase of revenue of approximately $1,450,000 for 1976-77 and will be sufficient to pay for the balance of the current and ensuing fiscal year all expenses of every kind and nature incident to the operation and maintenance of the San Francisco Water Department together with the interest and sinking fund charges for any bonds issued for the acquisition, construction or extension of the San Francisco Water Department without tax subsidy.

FILE NO. 504-75-3 RESOLUTION NO. 343-76

AUTHORIZING SUBMISSION OF MERGED APPLICATION FOR HEALTH SYSTEMS AGENCY AND EXPRESSING BOARD POLICIES AND CONCERN REGARDING PUBLIC LAW 93-641.

WHEREAS, Pursuant to Resolution 816-75, this Board of Supervisors authorized the submission of an application jointly with the counties of San Mateo and Marin to HEW for designation as a Joint Powers Health Systems Agency under Public Law 93-641; and

WHEREAS, The respective Comprehensive Health Planning Councils of Marin, San Mateo, and San Francisco counties have submitted a competing application for designation as a non-profit Health Systems Agency; and

WHEREAS, Final regulations disseminated by HEW have removed budgetary and administrative authority in the areas of staffing and rule making from elected public officials in a joint powers agreement and have created a role for local government in which local public officials have virtually no authority; and

WHEREAS, Said final regulations do therefore conflict with Section 6508 of the Government Code of the State of California which provides that approval power of a joint pwers agency budget must be exercised by elected public officials; and

WHEREAS, Testimony at public hearings conducted by a committee of this Board and other community declarations support the concept of merger of the competing applications; and

WHEREAS, Merger in a non-profit corporation model would allow elected public officials a maximum of authority in the agency consistent with the final HEW regulations without conflicting with California Government Code Section 6508; and

WHEREAS, This Board affirms its strong belief that a joint powers HSA wherein local government has substantial authority in the areas of staffing, budget, rule-making, and other comprehensive areas of the agency's operation has the optimum opportunities for success; and

WHEREAS, This Board strongly supports and intends to promote legislative amendments within Congress, as well as legal challenges initiated by CSAC, NACO, and other organizations restore budgetary and other administrative authority to elected public officials in a joint powers model; now therefore be it

RESOLVED, That this Board of Supervisors does hereby declare its strong preference for a joint powers model in which local public officials have substantial authority, especially in the areas of staffing, budget, and rule-making of the agency; and be it

FURTHER RESOLVED, That in consideration of the present constraints imposed by HEW final regulations, a conflict with California Government Code Section 6508, expressed community interest in a single merged application, and the necessity that local government participate in this agency which will be designated by July 1, 1976, this Board of Supervisors does hereby authorize submission of a merged application which brings together the competing interests of local government and the Comprehensive Health Planning Councils of San Francisco, San Mateo, and Marin counties; and be it

FURTHER RESOLVED, That after the first year of conditional designation, this Board shall reexamine and reevaluate the structure, powers, and functions of the Health Systems Agency in relation to the role that local government performs; and be it

FURTHER RESOLVED, That the Board retains the right to withdraw from the Agency should their evaluation find the Agency's rules, regulations, and plans prepared are ineffectual or inappropriate to the County's concerns regarding health planning or to advocate modifications of the Health Systems Agency should future regulations, legislation, or other legal action affecting this agency enhance or increase the role of local government in the activities of the Agency; and be it

OPPOSING ENACTMENT OF AB 3269 AUTHORIZING NEGOTIATION OF AGENCY SHOP AGREEMENTS

WHEREAS, AB 3269 would repeal existing state law prohibiting local governments from negotiating agency shop agreements with employee unions; and

WHEREAS, Passage of AB 3269 would lead to intense pressure on local governments to pass agency shop agreements as a condition of settlement of labor disputes; and

WHEREAS, Such agreements would put government in the position of subsidizing employee organizations at taxpayers' expense; and

URGING THE STATE WATER RESOURCES CONTROL BOARD TO GRANT THE APPEAL OF THE CITY AND COUNTY OF SAN FRANCISCO FROM THE BAN ON SEWER CONNECTIONS IMPOSED BY THE REGIONAL WATER QUALITY CONTROL BOARD, SAN FRANCISCO BAY REGION.

WHEREAS, The California Regional Water Quality Control Board at a hearing on May 18, 1976, issued an order prohibiting additional connections to the sewage system in sixty percent of San Francisco; and

WHEREAS, In the view of this Board of Supervisors, such a ban on new sewer connections is unwarranted, unnecessary, unproductive and would impose grievious economic and social hardship on the citizens of San Francisco, manifest not only in terms of physical development, but in terms of unemployment and related social concerns, and was ordered without sufficient cause of evidence being shown; and

WHEREAS, By the statement of its own Executive Director, the Regional Board indicated that San Francisco now is moving in the most aggressive and positive manner to solve its water quality control problems; and

WHEREAS, By the testimony of certain of the Regional Board members who voted the ban on San Francisco, this City is making substantial progress to solve its problems; and

WHEREAS, The City of San Francisco has in a variety of actions, including most recently the submission of grant applications totaling $170 million for construction of portions of our system, and the acceleration of the design process of our major Southeast waste water treatment facility, which together with various other actions demonstrate its full and firm intent to meet its waste water goals; and

WHEREAS, A number of consultants have been engaged by the City to further speed completion of our waste water program; and

WHEREAS, The City is in the process of developing a revenue program, including submission to the voters of a major bond issue in November 1976 to provide the City's share of financing for this program; and

WHEREAS, The City, by a reorganization of the management of the waste water program, has instituted implementation of the recommendations of the State and Federal assessment team; and

WHEREAS, The Health and Environment Committee of this Board has met monthly with appropriate City and State staff personnel to keep apprised of progress and to provide all Board assistance to the program, with the chairman of that Committee meeting weekly with such personnel in a continuing effort to monitor program development; and

WHEREAS, This Board has, by Resolution No. 872-75, expressed its firm intent that the water quality program be moved forward as rapidly as possible; and

WHEREAS, In view of the progress described herein and of the obvious inequity and unfairness of the ban imposed by the Regional Water Quality Control Board, the City and County of San Francisco is submitting an appeal from that ban; now, therefore, be it

URGING THE SAN FRANCISCO AIRPORTS COMMISSION TO TERMINATE OR LIMIT EXPANSION PROGRAM AT SAN FRANCISCO INTERNATIONAL AIRPORT; INDICATING INTENTION OF BOARD OF SUPERVISORS TO AUTHORIZE NO NEW REVENUE MEASURES FOR OR ON BEHALF OF EXPANSION OF FACILITIES AT SAID AIRPORT.

WHEREAS, The Board of Supervisors of the City and County of San Francisco has previously acted to authorize issuance in 1967 of general obligation bonds in the amount of $98 million, and in 1976 of revenue bonds in the amount of $143 million, for the purpose of improvement and expansion of facilities at San Francisco International Airport, for a total issuance of $241 million for such purposes; and

WHEREAS, Increasingly grave concern is being expressed concerning the environmental impact which any further expansion of the aforesaid Airport facilities to accommodate more than 24 million passengers per year would involve, such as an increased level of air and noise pollution, and the fact that there is at this time no mass transit ground transportation facility to link the Airport with BART and other regional ground transportation systems, as well as the indication that projected expansion plans are predicated on more than doubling the number of passengers served from 14 million annually to 31 million, involving a five-fold increase in consumption of ~~natural gas~~ power at the Airport at a time when the nation faces a severe shortage of natural gas; now, therefore, be it

~~WHEREAS, It is becoming clear to concerned individuals and business firms in the San Francisco Bay Region that there is a growing need for the airport facilities of the area to be more effectively and efficiently used to provide convenient and relatively direct access to air travel facilities for many communities, so that persons in businesses could utilize a regional airport close to home without the excessive ground travel often involved in reaching~~ San Francisco International Airport; thus indicating that any future expansion beyond that authorized for air travel facilities within the $241 million authorized by the Board of Supervisors should be made by other airports of the San Francisco Bay Region; now, therefore; be it

RESOLVED, That this Board of Supervisors does hereby urge the San Francisco Airports Commission to terminate or limit the expansion program at San Francisco International Airport, exclusive of improvements necessitated by safety needs or requirements, or modernization of the facility for greater energy conservation or transit facility, to a level commensurate with revenues now authorized, making such changes in program plans as may be needed to accomplish that end; and, be it

FURTHER RESOLVED, That this Board of Supervisors does hereby indicate its intention that no new revenue measures be authorized for or on behalf of expansion of facilities at San Francisco International Airport.
